

Epistrip Ultra Clean

Epistrip Ultra Clean is specially formulated to remove epoxy grout film, latex haze and graffiti from tile and stone surfaces. A simple and effective cleaner for removing particularly, epoxy haze from the surface of tiles.

**Globally Proven
Construction Solutions**

SAMPLE TESTING

Due to the differences of the types of material to be cleaned, several inconspicuous test patches should be completed to test compatibility and assure maximum performance. User must determine suitability of the product for their intended use.

PROTECTION

Always protect neighboring surfaces including wood, carpet, metals, painted surfaces, landscaping and other surfaces.

PACKAGING/COLOUR

- 1 litre bottle
- 5 litre jug
- 20 litre pail

MANUFACTURER

LATICRETE Australia Pty Ltd
29 Telford Street
Virginia, QLD 4014 Australia

Toll Free: 1800 331 012
Fax: 07 3865 2250
Internet: www.laticrete.com.au

How to use

Once surfaces have been cleaned and are dry, use Epistrip Ultra Clean to remove epoxy residue and haze. For best results under normal circumstances such as cleaning down floor and wall tile faces, use Epistrip Ultra Clean undiluted with a cloth applicator or paint brush. Allow Epistrip Ultra Clean to penetrate the surface (brushing into the haze may help) and allow to dwell on haze as a wet coat or application. Softening of the haze may take from 60 seconds to several hours depending on the depth of the epoxy film or haze to be removed. Wash all softened haze and treated areas with soapy water to remove final traces of Epistrip Ultra Clean.

Shelf Life

Factory sealed containers of this product are guaranteed to be of first quality for one (1) years if stored at temperatures $>4^{\circ}\text{C}$ and $<43^{\circ}\text{C}$.

Limitations

- This product must not be mixed with other soaps, detergents, or disinfectants, as this will greatly diminish its working capacity.

Cautions

- Use in a well ventilated area. Provide adequate ventilation in closed or confined areas.
- Skin and eye irritant. Avoid prolonged contact with skin. Avoid prolonged contact exposure to vapours.
- Do not take internally.
- Keep small children and pets out of area until product or surface has thoroughly dried.
- Not for use on resin based tiles.
- Do not apply to uncured epoxy grout joints.
- Gloves and suitable eye protection should be worn at all times.
- Keep locked up and out of reach of children.
- Epistrip Ultra Clean is corrosive, use impervious gloves, eye protection and protective clothing.
- See Material Safety Data Sheets for more information.
